INVITATIONAL ORDER FORM

The invitational test will include a computer test designed for Windows as well as PDF files for testing in a written format. The high school invitational will include an audio track to provide your pronouncer with a resource. Please do not use the high school audio track in lieu of a pronouncer due to the UIL rule stating that you must provide definitions. The A+ audio track will pronounce the words at a rate of 5 words per minute.

All invitational tests will be available 2-3 weeks before a scheduled meet. Access will terminate approximately 1-2 weeks after the scheduled meet date.

You must provide an email address so that we can send you access to the testing materials for downloading. Please order at least one month in advance. Please be sure that our email address is not filtered or blocked by your email security system (asw@aswenterprises.com).
