

Welcome to the \_\_\_\_\_ test for Spelling!

You will be taking your test on computer. You will need to make sure that your headphones are plugged in properly and working.

**\*\*Let them know how to adjust volume on your computers at this point.**

The test will ask for your name and school name. Please enter your full name and name of your school and click next.

**\*\*In the following instructions, the first number will be for 3<sup>rd</sup>/4<sup>th</sup> grade, the second number for 5<sup>th</sup>/6<sup>th</sup>, and the third for 7<sup>th</sup>/8<sup>th</sup>.**

The test consists of (50, 80, 110) words. The words are pronounced automatically, but you can hear them again by clicking on the Replay button. For each word, there is a brief definition. Type the word in the box at the bottom. If a special character is required to spell a word, just click the needed character on the set of characters that is above the blank. You may go back and check or change any word on the test before you click to go on to the Tie Breaker; however once you have started the Tie Breaker, you may not return to this test.

Please note that you can see the definition for a word only one time. Once you leave a word, the definition will not be displayed if you return to that word; however, the word will be pronounced.

You have (16,20,26) minutes to complete this portion of the test.

The Tie Breaker consists of (15, 20, 30) words. It will operate in the same manner as the main portion of the test.

You have (6,7,9) minutes to complete the Tie Breaker.

When you have completed the tie breaker, **do not exit the program.** You will see a screen with your score. Raise your hand to let me know that you have finished. I will then check to see that your test has printed. If the printer does not print your test, I will need to see your final screen to record your score. Do not click the “quit” button until I tell you to do so.

Good luck to everyone! You may begin.
