e-mail: asw@aswenterprises.com • web address: www.aswenterprises.com

ASW Enterprises is the Key to preparing your contestants for the UIL Spelling Competition. Consider what these inexpensive, time-saving materials can do for you and your students. You can mail your order form/information along with your purchase order, fax the order toll free to 1-888-627-7209, call us at 1-800-627-9030 to order by phone, or order online at www.aswenterprises.com. **A shipping charge of \$10.00 will be added to each order that requires UPS delivery.** Contact us if your package doesn't arrive within one week of placing the order. We appreciate your business!

Online Computer Program Information

Your spellers can now study with our online programs from virtually any device that can access the internet. Spellers will go to www.aswbee.com and enter a unique team name, their name, and a password (all teacher-controlled.) Using the teacher dashboard, coaches can see saved scores as well as how spellers misspelled words. When ordering any of our online computer programs, be sure to supply an email address for each coach so that we can send the initial setup information. Please watch your inbox and spam folders for this initial email. The high school programs come with ten student licenses. Each A+ program will have twenty student licenses (ten licenses for each grade level coach.) If a speller leaves your team for any reason, you can transfer that license to another speller. All licenses will expire on May 31, 2021.

COMPUTER SPELLING TESTS (all grade levels) – In this online practice program, your spellers will be able to print a preview, preview pronunciations, take the practice test, receive immediate feedback, and print a list of misspelled words. Saved results will be sent to the coach.

PART I COMPUTER TESTS (high school only) – This computer program with twenty-five tests for proofreading and twenty-three tests for vocabulary will help prepare your spellers for Part I of the test. There is also a print option for each test. Saved results will be sent to the coach.

COMPUTERIZED VOCABULARY FLASH CARDS (high school only) – Our Computerized Vocabulary Flash Cards program includes all vocabulary words with the dictionary information readily available. Using this program, your spellers can study the vocabulary words in alphabetical order, in order of our Part I Vocabulary tests, or by category.

NEW!!! SPOTLIGHT TESTS (high school only) – This online program works in the same manner as the standard Computer Spelling Tests, but it focuses on the special miscellaneous lists (capitalization, accents, hyphens, etc.) provided in the Word Power Companion. As an added bonus, there will be special ASW tests over words that we consider to be a little more difficult. You will love this new addition to our online offerings!

Audio CD Based Materials (requires a shipping fee)

PRACTICE SPELLING TESTS (audio) – Audio CDs include individual tests for all of the words on the 2020-2021 *UIL Word Power* (high school list) and *A+ Spelling List* (junior high and elementary list). Audio includes preview tracks and test tracks. The words on our tests are pronounced at approximately seven words per minute while the preview is pronounced at a faster rate. A printed copy of previews and tests is included.

ALPHABETICAL SPELLING TESTS (audio) – Audio CDs include alphabetical tests pronounced at a rate of seven words per minute based on the columns in the official UIL list** (Go to www.uiltexas.org/academics to download the official list.)

Printed Materials (may require shipping fee)

WORD POWER COMPANION (high school only) – Our Word Power Companion is a detailed **study guide** for high school students. Word Power Companion contains the diacritical marks and definitions for all of the words in the 2020-2021 *UIL Word Power*. Vocabulary words are in a separate section and have synonyms and antonyms listed where appropriate. Word Power Companion also includes phonetic spellings for all 1500 words, a list of the roots for vocabulary words, illustrative sentences for vocabulary words, assorted word lists based on distinctive characteristics of words, and more. **NEW!!!** Based on feedback from coaches, we have streamlined the WPC. We have condensed the first section of list words to include the phonetic and diacritical pronunciation with the definition. The vocabulary section will remain unchanged. We will include one root section (by word.) And...the price is lower!

VOCABULARY FLASH CARDS (high school only) – Our printed **Vocabulary Flash Cards** include all vocabulary words with the dictionary information readily available. These cards can be purchased uncut (printed 6 per page on card stock) or already cut and ready for use.

PROOFREADING & VOCABULARY TESTS (high school only) – PDF files only. Twenty-five tests for proofreading and twenty-three tests for vocabulary will help prepare your spellers for Part I of the test. Preview lists and grader's keys are provided. PDFs can be sent directly to the coach's email. No shipping fee required.

USED INVITATIONAL TESTS (high school only) – Check our website in February for availability.

Invitational & Mock Invitational Tests

Important Ordering Information: You must provide an email address so that we can send you access to a shared folder that contains the testing materials along with instructions for using the program. Be sure that our email address and shared folder site are not filtered or blocked by your security filter. All invitational tests will be available approximately two weeks before a scheduled meet. The invitational test computer component and mock invitational are both **compatible with Windows only**.

INVITATIONAL TESTS (Available for all grade levels – for use only if your school is hosting an Invitational Meet) The invitational test includes a computer version as well as PDF files so that you can print all of the materials necessary for directing the test in a written format. The computer version will administer a timed test (headphones needed) and then print the graded results! Tests for each grade level will include the appropriate sections and number of words. An audio track with words only will be provided as a resource for your pronouncer. The audio for high school will be a fast track to be used only as a tutorial; the words on the audio for grades 3-8 will be pronounced at 5 words per minute.

MOCK INVITATIONAL TEST (Available for grades 3-8 only) Our Mock Invitational Test will prepare your spellers for meets that use the computer program for the spelling competition. Using the Mock Invitational Test, your spellers will work through an entire test just as if they were attending a meet. They will see the instructions, hear the audio, work with the timing and delivery, so that there will be no surprises when they attend an invitational meet. In addition, coaches will become familiar with the computer testing experience and printed results before a meet. This includes one computer invitational test (no printed materials.)

***PRO TEM BUNDLE** (offered 20-21 only) “*For the time being*” with the uncertainty involving the tournament season this fall, we are offering a set of three high school invitational tests that can be given at your home campus to keep track of your team's progress. Each test will progressively cover five sets of practice materials from our spelling tests and Part I tests. The bundle includes only PDF files sent to the coach's email.

**Official *UIL Word Power* and *A+ Spelling* booklets are available for download on the UIL website.
www.uilTEXAS.org/academics

NOTE: The dictionary information in our high school materials is from: *The American Heritage® Dictionary of the English Language, 5th Edition, 50th Anniversary release*. This is the official dictionary for the high school UIL Spelling Competition.
